

ENROLLMENT FOR COLLEGE ENTRANCE EXAM PREPARATION COURSE

The Learning Edge
P.O. Box 871
Mexico, MO 65265

College entrance exams are scrutinized by more than 90% of colleges and universities nationwide when determining both admission and financial aid. Competition for admission to top schools and for available aid is tougher than it has even been. How you prepare and perform on these exams can make a major difference in your chances of being accepted into the school of your choice or being awarded available financial aid. Investing a small amount of time and money before the test can have a significant impact on your performance and the direction of your future. This is the reason The Learning Edge is pleased to offer its ACT and SAT preparation programs.

The Learning Edge conducts small classes for High School students preparing to take the ACT and SAT. The sessions will provide information on what the student should expect when taking the tests, strategies geared toward the way questions are formulated on the actual tests, as well as focusing on improving a student's skills in the core areas. The Preparation Courses are scheduled shortly before the ACT and SAT test dates so that information and training are fresh when you sit for the actual exams.
